EDUCATION

Microverse

Remote

Full-Stack Web Development Program

- Completed a remote, collaborative program focused on full-stack web development and mentorship.

EXPERIENCE

Yellow Card

Remote / On-site

Cryptocurrency Ambassador

- Promoted cryptocurrency awareness and adoption through grassroots campaigns and events.
- Educated community members on the benefits and uses of digital assets, enhancing overall engagement.
- Collaborated with a diverse team to strategize and implement effective outreach programs.
- Successfully onboarded new users to the Yellow Card platform and facilitated their understanding of cryptocurrency transactions.
- Played a key role in expanding Yellow Card's presence and fostering long-term community engagement.

Microverse

Remote

Mentor

- Provided guidance and support to junior developers, helping them navigate technical challenges.
- Facilitated code reviews and shared best practices to improve code quality and collaboration.
- Organized and led technical sessions to enhance understanding of programming concepts.

PROJECTS

Yellow Card Community Engagement Platform | *Community Development, Event Organization*

- Organized and managed community events to raise awareness about cryptocurrency and blockchain technology.
- Developed educational resources and workshops to help new users understand Yellow Card's offerings.
- Built partnerships with local organizations to expand Yellow Card's reach and user base.
- Contributed to building a strong user community and fostering a positive image of cryptocurrency adoption.
